

Meeting Report – 17/10/2024

Attendees:

- Angus
- Tanmay
- Kshitij
- Rohan
- Mokshita
- Jyotika
- Fude
- Chris C

Agenda:

- Discuss and implement proposed changes to Bigfoot, Littlefoot, and Tinyfoot.
- Division of responsibilities

Discussion Points:

1. Bigfoot Updates:

- Chris was able to make the changes to bigfoot.
- Implemented the “text to read” feature.
- Changes were approved by Dylan.

2. Littlefoot Changes:

- Reviewed Littlefoot's code to understand the working and potential changes.
- utilizes Rollup for its tooling.
- Angus, Tanmay, Kshitij, and Rohan explored how the tooling functioned and worked on seeing if the changes reflected.
- Mokshita and Jyotika tried changes to the `footnotesselector` in `settings.ts` by replacing `` with `<div>`. After building, the changes successfully reflected, indicating a positive result.

3. Mokshita suggested the possibility of creating a custom tag for footnotes in Tinyfoot, which could be explored further.

Division of Work:

- **Bigfoot (5-page documentation):**
